The leadership of the Academy of FC Dynamo Kyiv sincerely thanks you for the great help that your club and the entire Polish people provide to Ukraine and its people in our struggle against the Russian occupiers for our independence and freedom! The active anti-fascist position of the leadership of Poland and its citizens is of a great importance to us and has a strong influence on the participation of other countries in this movement. Your help in this difficult time will never be forgotten by the Ukrainian people!

Our club is immensely grateful to you for finding the opportunity to host the young football players of our Academy, and for providing all possible assistance in accommodating and provision for their families. All of them feel care and attention from your side every day. The favorable living conditions created for them, conducting training and competitive processes, leisure and psychological adaptation are a clear confirmation of the solidarity and unity of the European football family, as well as a demonstration of the true European rules of good neighborliness and mutual assistance.

On behalf of the leadership of the Academy Dynamo Kyiv, all our students and their families, as well as all the people of Ukraine, we wish you, your families and friends, as well as all the Polish people a peaceful sky over your head, prosperity and unity on the path to becoming a strong state! Together - we are force! Together we will win!

Sincerely,

Deputy Director  
FC Dynamo Kyiv Academy
